DO NOT CIRCULATE 50X1-HUM

1. The volume of VP supply shipments processed through the Tustermark marshaling yard between 10 and 26 February 1951 fell off sharply 50X1-HUM

 The shipments, which came from Land Thuringia and Land Saxony/Anhalt and were forwarded to Berlin-Magerviehhof, included three railroad carloads on 10 February, six on 14 February, five on 16 February, nine on 19 February, one on 20 February, five on 22 February, five on 24 February, and seven on 25 February. 50X1-HUM

 the cargo consisted of uniforms, underwear, assembled barracks sections, field railway equipment, furniture, machinery and electrical equipment. 50X1-HUM

 the boxcars containing VP supplies were locked and sealed. 50X1-HUM

2. Only a few outgoing VP supply shipments from Berlin-Magerviehhof were processed through Tustermark during the same period. Most of these shipments went to Land Mecklenburg and Land Brandenburg. *

* Comment. The report supplements previous information on VP supply shipments consigned to the NVA main supply depot in Berlin-Magerviehhof. 50X1-HUM

 50X1-HUM
The issue of supplies from the main supply depot to the VP units seems to be largely effected on trucks, which also are distributed from the depot.
